

Dear Campers...

Baruch Shehechyanu Lazman Hazeh. After such a challenging year for Klal Yisroel and the world, it has been an extra special beginning to camp. To be able to smile again, see each other's faces again, and just to hang out with our friends, is such a welcome sight. So what if the backstop is a little smaller than last year. Does it make such a difference whether we can spell Tannhasati's last name (that's not how you spell it)? Of course we know that Parshas Vayeshev is NOT the 7th Parsha (#HiEzra). And no, Bunk Yud Aleph did not cheat in numbers boggle (your welcome Tzvi A.). In this weeks Parsha, during the story of Bilam's failed attempt at cursing Klal Yisroel, the Sforno explains that so often in life the way in which we view something effects the reality. מברכך ברוך. As summer number 9 of the greatest camp in the world began in Athenia, with dart boards, mini ski ball (who got 100?), and a volleyball net that stayed up most of the time, we showed ourselves that the most important ingredient needed for a great summer is not (only) a good team (Hi Micha), and not even a great swimming pool (Tuvia was happy on Thursday), but it's the belief and attitude that Kol Mah D'avid Rachmana is for the best. It's what guided us through the last 15 months. It is what continues to guide us. And IY"H as the summer progresses we will be able to appreciate and enjoy even more the Chesed of Hashem in our lives.

Have a great Shabbos,

From The Desk Of Ez the Prez

Welcome to Camp Athen- oh wait... sorry... Camp Eeshay. C'mon guys, don't blame me. The official campus of Eeshay is more confusing than figuring out what is the capital of Chicago, the state. Yes, there's no better night activity for our attention sp- SWITCH!!!! (I still have Shimmy's voice roaring in my ears).

To be honest, Athenia was pretty awesome. Beautiful fields, turf toe (not sure what that is- ask a doctor), leagues on a camp-wide slip and slide, and the greatest attraction of all- the Dart Board. There was one weird moment for me in Camp though. It's a long story. There was a hockey stick, 400 campers clapping at me, and me getting a Shimmy staredown.

Oh, and guys, I just found out that the Atlanta Braves and some college football teams stole the Eeshay Chop from us! #we'rethatgood
Cherry Hill invasion, dominant team performances in leagues, as well as the one man wrecking crews (you know who you are), mind-reading, spidertack #crackdown, floripiondio, ABA basketball #AckPack, and Rabbi Schoenfeld missing jumpers in one on ones, Eeshay is definitely back and burning hotter than ever.

Always on fire,
Ez
